Dear Friend,

Greetings to you from our home in Portland, Oregon! As I have been busy at the school these last several months, I did not have much time to either talk to you personally or write you. I want to tell you how much I appreciate your prayers and your support for our school.

I left home for our Shanxi school on April 20th and got back to home sweet home on October 19th. So many things happened in the interim that required me to stay behind. A brother Wang donated money to repair all the restrooms. Another brother Wong donated money from the company that he works for to add another much needed layer of windows and repair all the roofs. The Bo' Ai Foundation Limited, a sister nonprofit organization in Hong Kong, has been formed under the leadership of Dr. Eilly Lau to partner with us to build the Middle School so our children can continue their education under our tutelage. Three mission teams came and ministered to our children and staff and the villagers. Our graduates are doing exceptionally well in the public middle school that they are attending. All these are items that we have to be thankful for, especially during this Season of Thanksgiving.

I shall be sending out a more detailed letter to you soon. In the meantime, have a Happy Thanksgiving and may the Lord Bless you abundantly!

Christine Chan
